TESTIMONIAL

Recently, proud owners Phil & Susan Tyson of Sarasota, Florida sat down to answer a few questions regarding their new 59 Classic ...

Q: Why did you choose Symbol Yachts after looking at other manufacturers?

A: Susan and I researched several builders before choosing Symbol Yachts. Our criteria first began with design capabilities and flexibility, quality of the build, and the ownership, reputation, and longevity of the yard. Our final criteria was a reasonable price and production time.

Symbol has been in business for 25+ years, owns their own yard, has workers who are lifelong employees, and provided a price that fit nicely into our budget. Basically, Symbol Yachts met all our needs.

Q: What specifically do you like about your 59 Classic?

A: The 59 Classic offers safe side walk-arounds to the secure Portuguese bridge. The Pilothouse provides easy ingress & egress from either side. The bridge is large & full width, with a complete Galley, bar & comfortable seating. And, our customized Master Stateroom includes a king-size bed with a ton of storage and a private WC (separate from the shower & vanity).

Q: What do you most look forward to doing in your new Symbol?

A: Our shakedown cruise will be to the Dry Tortugas. That will prepare us for the Caribbean this winter and even farther south the year after.
